Purpose

The purpose of the Foster and Adoptive Families of Larimer County shall be to promote and improve the welfare of children, with special interest to foster, kinship, guardianship and adoptive children in Larimer County.

- Provide education, training and support for foster, kinship, guardianship, and adoptive parents and support staff enabling them to understand and meet the physical, psychological and emotional needs of children in their care.
- Promote communication between foster parents, parents of children in foster care and agency personnel, so each may better understand the others role in the placement of foster children and the associated issues.
- Promote public relations so the general public better understands foster and adoptive parenting and by doing so, improve the image of foster care in the community as well as the image of the adopted child and encouraging adoption within the community.
- Continue to advocate for issues that are in the best interest of children.

FAFLC provides financial assistance to foster / adoptive children for:
